

RAUNAK KUMAR JHA

Dhanbad, Jharkhand, India | raunakjha.dav@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

BCA student and aspiring full stack developer with hands-on experience building responsive web applications and admin dashboards using HTML, CSS, JavaScript, Supabase, Firebase, SQL, C/C++, and Python. Strong interest in software engineering, cloud-based systems, database integration, and practical problem-solving through real-world projects.

TECHNICAL SKILLS

Languages:	Python, JavaScript, C, C++, SQL, HTML5, CSS3
Frontend:	Responsive Web Design, UI Design, DOM Manipulation, Modern CSS
Backend & Database:	Supabase, Firebase, MySQL, Authentication, CRUD Operations
Tools & Concepts:	Git, GitHub, VS Code, Netlify, Figma, DSA, DBMS, OOP, OS, CN

EDUCATION

Bachelor of Computer Applications (BCA) | *Expected Graduation: 2028*

Chhotanagpur Institute of Information Technology & Management (CIITM), Dhanbad

Makhanlal Chaturvedi National University, Bhopal

PROJECTS

Digital Portfolio Website

- Developed a responsive personal portfolio with Supabase authentication, database-backed content, admin panel, project management, certificates, feedback, and Netlify deployment.
- Tech Stack: HTML, CSS, JavaScript, Supabase, Netlify

Smart Digital Clock Dashboard

- Built a modern productivity dashboard with digital clock, weather UI, statistics cards, focus timer, responsive layout, and clean user interface.
- Tech Stack: HTML, CSS, JavaScript

Local Problem Reporting System

- Created a map-based complaint reporting platform with image upload concept, location-based reporting, user forms, and admin dashboard workflow.
- Tech Stack: HTML, CSS, JavaScript, Firebase/Supabase

College Attendance Management System

- Designed an attendance management system with student records, subjects, timetable, admin controls, and report-style interface.
- Tech Stack: HTML, CSS, JavaScript, LocalStorage

ACHIEVEMENTS & ACTIVITIES

- Built multiple web projects with responsive design, authentication, database integration, and deployment workflows.
- Created beginner-friendly Python and coding content through Raunex CodeLab.
- Regularly practicing Data Structures and Algorithms, DBMS, Operating Systems, and Computer Networks.
- Hands-on experience deploying production-ready websites using Netlify.

INTERESTS

Software Engineering, Web Development, Cloud Computing, Artificial Intelligence, Open Source, UI/UX Design
